1. Charge Your Watch

Connect the charging cord to the magnetic contacts and charge for 3 hours.
The Life Watch will operate for 5 to 7 days on a full charge depending on usage.
Press the power button for 5 seconds to turn it on. Press and hold to turn it off.

Power button

2. Download the App

Go to the App Store or Google Play and search for the FitCloudPro App. Download it to your iPhone or Android smartphone. Follow the onscreen prompts and select "OK" to allow the app to connect your smartphone via Bluetooth.

FitCloudPro

You can also scan the QR code to take you to the FitCloudPro App on the store appropriate for your smartphone. Compatible with iOS8.4 and above, Android 4.4 and above. Follow the app's screens to configure FitCloudPro with the Life Watch.

3. Set Up

First time users select "Join Us" and then register on the Enroll screen with an email address and password. Select "Enroll Now". Complete the User Profile on the next screen and select " Next Step". Add your daily steps goal and select "Complete".

Pairing your Watch

After selecting "Complete" the next screen, "Bind Bracelet" appears. Select "Search Now" and look for "Life Watch" on the list that appears as shown on right and select it. The Bluetooth Pairing Request screen appears. Select "Pair" and "Ok" to accept notifications. Then select "Enjoy Now". Your Life Watch is now linked to FitCloudPro.
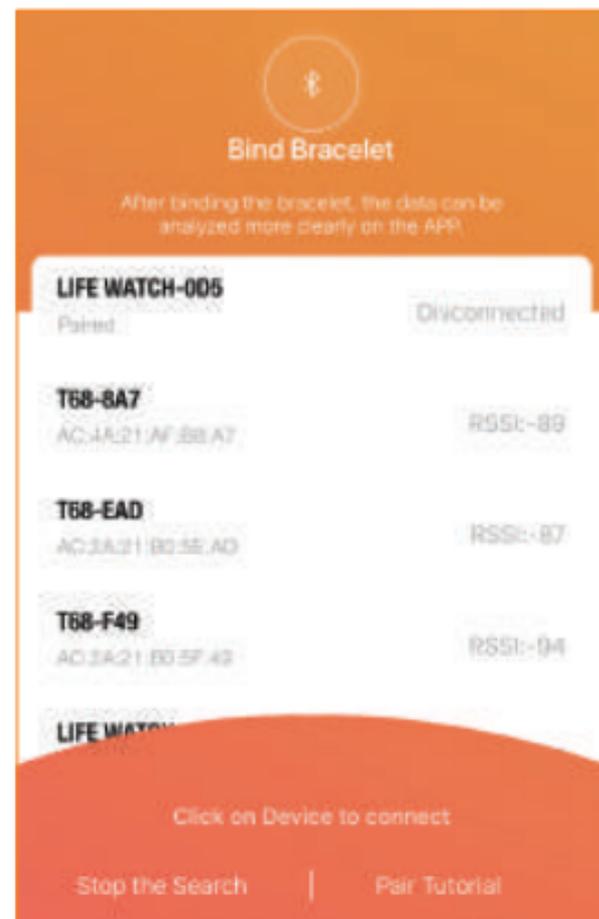

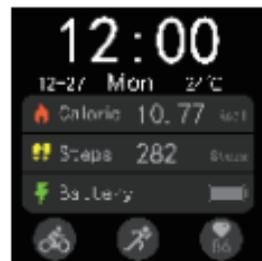

4. Main Screen

Choose your main screen from 6 designs below. Press and hold your finger on the main screen until it shrinks in size. Swipe right to select your screen and tap on it once.

**Skin temperature:** Real-time skin temperature in action.

98.8°F

Precautions

1. Lifewatch is not a medical device and is not intended to diagnose, treat, cure, or prevent any disease. Contact your health-care provider if you suspect you have a medical problem.
2. Do not use chemicals for cleaning. Use regular tap water and a soft cloth to clean.
3. Keep the watch away from strong magnetic fields and electrical equipment.
4. Please avoid direct heat from any appliances. Temperature should not exceed 110°.
5. Do not disassemble, repair or modify the watch yourself.
6. Dispose of packaging and recycle it in approved receptacles.
7. Do not wear when bathing to avoid damaging sensitive contacts on the watch back.
8. Do not hit the Life Watch face with sharp or hard objects.
9. The watch can be used without the app. It is recommeded to enjoy all of it's features.
